IN 31ST YEAR—EVERY WEEK SINCE 1905.

HAMLIN, JONES COUNTY, TEXAS, FRIDAY, JANUARY 3, 1936.

NUMBER 10.

## Hamlin Baptist Church to Have Membership Homecoming, Reunion

The Hamlin Baptist Church is expecting a big day this Sunday, in their inauguration of their Annual Homecoming and Reunion, to start off the New Year and the Church's work with a happy clear understanding.

The entire program Sunday, is an EVERY MEMBER affair, plus the visitors in the homes of members and all close friends—that means a wide field and more than membership. But it is especially urged that all members of the church be present if possible. And here is a point that each one will please bear in mind: If there is anyone who wants to come, whether they be members or not, has no way of coming, there will be a conveyance for them—but it must be known. So notify the pastor of the church or someone who can assume the responsibility of making a way.

### THE PROGRAM STARTS IN THE SUNDAY SCHOOL HOUR

At 9:45 Sunday School begins, and it is hoped that this, the First Sunday of a big New Year will have scores of men and women, boys and girls, in the Sunday School who have never been there before, or who have been out for some time. Come on everybody who should be in this Sunday School and feel the warmth of a congenial group of neighbors and friends who are seeking to be of service to others as well as to themselves. You will feel a home-like welcome.

At the Eleven O'clock Hour, a varied program of worship will be held till noon, and if the services do not conclude by NOON, don't get impatient, for you will not need to go home for "dinner."

Arrangements have been made for serving an old-fashioned lunch at the church, in the basement. This is to be made possible by those families who can, bringing to the church their family "baskets" well filled with enough for themselves and several others. That sounds "old-time like" and here's a good guess that the eats will be real.

Someone has reminded the Committee that perhaps there will not be enough to satisfy all hungry persons present. Now, who ever heard of such a situation in a West Texas or any Texas community? The very idea! And if perhaps there may not be enough "fishes" to go around, everybody will eat and talk and be happy and when the eats are all gone, why then still be happy, and let the laugh be on the "committee."

The BUSINESS SIDE of the church, this Sunday, will include the arrangements for the "Annual Budget." Budget cards will be ready and on these the monthly requirements of the church will be seen, so the individual member will be prepared to signify what amount he or she will try to make, either on a weekly, monthly or yearly basis. Many years ago this budget plan of financing the church was started and

has worked admirably ever since. The financial affairs of the church are now run in a business-like manner.

The general program this New Year Sunday will be extremely enjoyable to everyone, whether they be members or not. Perhaps the pastor will use but a short part of the time and leave much of the talking to "Home-Comers," or "Home-Stayers." Again we urge you to be present, Brother Member or Friends. Let nothing stand in your way, that you can prevent. Set YOUR program for a few hours of real worshipful pleasantness in our church congregation. All comforts will be provided, and when you come, you are at home, feel that way and you will be that way. Now come and bring someone with you. Don't let a little thing like a basket hold you back. Come and meet many baskets.

Your Committee.

Rev. and Mrs. Henry Littleton, had Christmas guests, in the persons of Mr. and Mrs. O. J. Cotten, and daughter, and Prof. and Mrs. W. A. Stephens and daughter of Abilene. Mrs. Cotten and Mrs. Stephens are sisters of Rev. Littleton. Also another sister of his, Mrs. L. V. Garrett and her husband and sons, of Dublin, visited them.

Mark Bond, manager of the Grocery Dept. at Bryant-Link Co., instructs the Herald to be sent to his wife for all of 1936. Now this is such a good idea. You see Mark is a grocery advertiser and gets a paper everytime he has an ad, and the wife does not come in on it—hence the order.

P. E. Smith always remembers some of his sons at Christmas time. This year he send the Herald for 1936 to his son, Rev. E. L. Smith, at Van, Texas. That is a mighty good way to keep a son fresh on news from the old home place.

Oscar Stelzig, of Tivoli, Texas, down on the Gulf, came up Christmas week to look after his farm west of town and to mix with old timers. Mr. Stelzig formerly lived in Hamlin, and the last few years he has made good on the coast, farming.

Claude Chastain Jr. and wife of Pampa, and Mr. and Mrs. Neal Chastain and little son, Neal A., of Spur, came down to spend the holidays with Attorney and Mrs. C. P. Chastain.

Evangelist and Mrs. C. Y. Dossey, came Wednesday of this week to pay a short visit with Rev. and Mrs. Henry Littleton. Rev. Dossey and wife are quite well known in Hamlin as they held a meeting here about three years ago.

Most people peddle the thoughts of others.

## MISS FAYE PATTERSON DIED LAST SATURDAY MORNING

Death again made itself felt in the Hamlin community, during Christmas times when Miss Faye Patterson, age 22 years, passed away at the West Texas Baptist Hospital, last Saturday morning.

Faye only lived in this community about three years, but in that time she won the hearts of all who chanced to know her. Her death came as a shock, notwithstanding the fact that she had been very ill in the hospital since she was first subjected to a surgical operation on December 18. Her condition was critical for several days before her death.

The deceased was a daughter of L. B. Patterson of Munday, Texas, but for two or three years she had made her home with her uncle, A. P. Patterson of Hamlin. During this time, she, by her winning manner and beautiful Christian character, had won an ever widening circle of friends and admirers. But the depth of her life and love of her heart seemed to mount to the high point of sublimity, when death hovered near her. Then it was that she called for her father, her uncle, an her fiancé, Mr. Perry Campbell, and her pastor, Rev. Henry Littleton, and brought them to see with her almost into the glories of beyond. She even sang a few words of her favorite song, and in a most touching and beautiful way made her farewell to them, and calmly closed her earthly life. Miss Faye died as beautifully as she had lived.

She is mourned by her father, L. B. Patterson, of Munday, and one sister, Mrs. Andy Hutchison, also of Munday, and four half-brothers, namely, Loyd, L. B. Jr., Wayne and Lee Graham Patterson and one half-sister, Miss Johnny Patterson, all of Munday, Texas. She is also survived by four uncles and two aunts.

Funeral services were conducted at the Hamlin Baptist Church, Sunday afternoon, in the presence of a large number of friends. A beautiful tribute was paid the deceased by the pastor, Rev. Henry Littleton, who has been the family's close friend for several years. Many tokens of love and esteem for the memory of Faye were evident, and every feature of the funeral services was a tribute to this young woman's life.

The Barrow Funeral Directors had charge of the body and interment was in East Cemetery, Hamlin.

### CARD OF THANKS

We want to express our gratitude and heartfelt thanks to those who came to our assistance in such a generous sympathetic way during the illness and passing of our dear loved one. Our hearts have been soothed beyond words of expression to know that Faye had such friends as you have proved to be. We assure you that every word and every deed has made our loss much easier to bear. We know that God will bless and reward each of you for this kindness.

L. B. Patterson and Family,  
A. P. Patterson and Son,  
Mr. and Mrs. Andy Hutchinson  
Perry Campbell,  
Other Relatives.

### PURSE LOST

A brown leather purse, containing a "dime bank" full of dimes; also other articles such as combs, etc., was lost off a car fender, on Main Street, Wednesday morning. Will pay a suitable reward offered if purse and contents are brought to me at Campbell's Dry Goods or Herald Office.

MRS. COY FIELDER.

—The Herald 1 Year for \$1.00.

## THE A. & S. RAILROAD TO HAUL GRAVEL

Thursday, J. G. Tucker, Traveling Freight Agent for the T. & P. Railway was in Hamlin talking business for the A. & S. branch from Hamlin to Abilene.

Mr. Tucker informed the Herald that his road had secured a contract to haul 800 car loads of gravel from Hamlin to Abilene, to be used in the underpass that is soon to be under construction.

Mr. Tucker said that they are using the gravel from a pit near Hamlin, on the northeast. He means, we presume that the Acme Crushed Stone Co. of Hamlin is soon to be operating a large number of men getting out that 800 car loads of gravel.

Talking of 800 car loads, it reminds us that once upon a time Abilene purchased about 2000 car loads of cast iron pipe in Birmingham, Alabama, and that pipe was shipped up to Kansas City and down over the Orient to Hamlin and delivered by the A. & S. Then it does sound strange that the T. & P. should be applying for a permit to discontinue this road. They are. Suppose they succeed?

Mr. Tucker is hoping business will become so good that the road will pay off, before any tracks are taken up. He says they are pleading to get permission to use trucks to haul freight from Abilene to Hamlin for quick delivery. This application is to be heard in Abilene, on January 6, Monday. If this should mean a step toward abandonment of the road, then it should be opposed, if it means better service we should have it. The road is a big asset to the communities it passes through and could be made more so, if modern conveyance is started. This is something to think about. Better be thinking, which might prompt action.

## THE HERALD HAS THE BEST SUBSCRIBERS

This issue of the Herald is the first to show its head in this lovely brand new year of 1936.

Papers like all other business concerns, have fought a battle the past few years, and for that matter the Herald is still in the "war." But in all the ups and scents downs, there has been one factor that has made us fight all the harder — that one thing is the splendid number of seemingly satisfied subscribers. Yes, that is what makes a good paper, not the number, but the quality. However, there are yet many of the finest families, some of them new comers, who don't take the Herald yet. That's too bad. The Herald costs nobody anywhere, but a little less than 2 cents per week, and it might be a little embarrassing sometime if a non-subscriber should want a copy real badly and could not get it, even for ten times one dollar.

We are very appreciative of the large number of renewals to the Herald since the first of last September. It is proving again that a paper need not employ a subscription booster, give them a huge commission and then on top of that hand over an automobile, or two, or some other prize for the one claiming to have gotten the largest number of subscribers. No, we do not deem a "prize giving" a good business policy. We just sell a year for \$1.00 and that is business. If anyone don't think enough of their community to take the "home paper," however sorry it may be, at the small cost of less than two cents, it is their loss. We make the statement that there is not a pa-

## Hamlin Hatchery Starting Off With 200,000 Chick Capacity

per printed anywhere in the United States, in the smallest community, but what is worth to the inhabitants of that community ten times what it costs.

In Hamlin and all the surrounding territory, the Herald is YOUR paper, it is your medium of expression, and it is recording your history. The owner just works at it for you, and bears all losses in bad times, and tries to make out on the income in better times. Hence to everyone co-operating with us for your own benefit, we are appreciative, and always wish for each and every citizen, reader or non-reader the fullest measure of prosperity and happiness.

### A. D. ENSEY IS JOINED

BY WELDON CARLTON

In this week's Herald our readers will notice that a "New Firm" name appears in one of the advertisements. It is now Ensey-Carlton Grocery.

Weldon Carlton has been a grocery salesman in Hamlin for several years and for the past three months—in fact, nearly ever since A. D. Ensey started his grocery store, Weldon has been down there "shoveling out beans."

It is always commendable in a young man to start off on his own, or form a partnership having his own name connected with a business.

The Herald man was in their store this week, snooping for news and gossip or whatever comes along and we heard this team of "spaghetti peddlers" talking and each of them up and confesses, out loud: "we are just a couple of kids from the sticks." Now who would have thought it?

Anyway, as the New Year starts out everybody will wish these young business men lots of happiness and success. Go to it, boys.

Clayton Roberts of Temple has accepted a position with the Bryant Link Grocery Dept. Mr. Roberts lived near Hamlin about four years ago and is by no means a stranger. He has been with the A & P company at Temple. And say, Clayton is not a married man, either.

We invite you to stop at our station and "gas a bit." We got the best gas you ever saw—and that's not all—we are selling kerosene and tractor oil—try ours, they are the best. We want you to let us service your car, anything it needs and can get at a filling station . . . WE GOT IT.

E. W. BONDS,  
JESSE R. BONDS.

Local stores selling Black-Draught and Cardui have a limited number of copies of the new 1936 Ladies Birthday Almanac. Demand for these popular almanacs is reported to be heavier this year than ever before. They are free to those who ask for one, as long as the supply lasts.

An unruly tongue always gets your foot into it.

Folks, did you know that Hamlin has the honor of saying that in this city there is the largest Hatchery in all the Southwestern part of the United States? It's so.

The last few weeks, the owner, manager and general flunky of this big hatchery, Mr. Curtis Martin, has been far more busy than a hunting dog, shaping everything for the hatching season. In the many preparations for the sale of 200,000 chicks every three weeks he has had to get ready and have printed many thousands and pieces of literature. This has meant a busy printing office in the Herald Job Printing Department.

But everything is now ready and ere long there will be plenty of chirping in Hamlin—the post office and the express office and many trucks and even private automobiles will be sounding "cherpy."

Mr. Martin should have the very "dickens" shaken out of his hands for starting and forging ahead such a nice business for this community. It means something for a large number of people. It means a ready market for the best grades of eggs for setting. It will encourage more and better poultry in all of the West Texas area.

The Hamlin Hatchery will be a show for everybody within a few weeks. When you go down there you will wonder how it is all done. The sun goes down and during the darkness from 100,000 to 200,000 downy chicks pop out and often times they are on their way to some other state before the sun comes up. Perfect chicks, too. Curtis never sends out a cull. He has only one grade of chicks, and when one shows up weak or deformed, off goes the little fellow's head and its misery is over.

The Herald just thought it would be in order to tell you folks all a little about Curtis Martin and his big business. He does not give a hoot how many hatcheries there are in the world, none of them can hatch 'em as fast and sell 'em any cheaper than he.

R. L. Harris had a delightful visit with his daughters, Misses Ethel and Clonelle, in Dallas from Thursday of last week till Monday. He says the girls showed him the "sights of the city" and he says he wants to go back and see the big show in June. He says, Miss Clonelle is soon to complete a course in Beauty Culture and will likely remain in Dallas with Miss Ethel who is with the S. W. Bell Telephone Co. and "by-the-way" Mr. Harris finished out 50 years in Jones County the 11th of last November and 40 years a married man in this county—and still a live "boy."

STRAYED from my farm west of Hamlin, one dark brown, white face steer yearling—weight about 400 lb. Information leading to recovery will be suitably rewarded.

O. T. BROWN.

## COMMENTABLE COMMENTS

**GOING RIGHT WHEN THINGS GO WRONG**—When things go wrong a list should be compiled of those enduring qualities with energy and power in them for the promotion of our welfare. Such a list would include unselfishness, courage, gratitude, faith, hope, justice, love and good deeds. By the constant use of these ingredients, we will extend our borders, experience greater happiness in our homes and meet with more success in our business operations.—Vash Young, author of "Fortunes to Share," in the Rotarian Magazine.

**PHYSICAL DISORDERS AND INSANITY**—The truth of which I have become convinced in 30 years of treating mental disorders—the truth I should like to see flung far and wide until it sears the consciousness of everyone and becomes part of our daily thinking, is this: The basis of most mental disorders is physical. Locate the physical disorder; correct it if it is correctable; and the mental disorder usually corrects itself. That's a fact so obvious, that the wonder is that it needs to be stressed; but it does.—Carl W. Sawyer, M. D., in the Rotarian Magazine.

**NEW YEAR... NEW HABITS**—Habits are Nature's way of relieving the brain of conscious effort in doing the hundreds of things we do each day "without thinking." They are a valuable device, and wouldn't be without them. But it's a good idea, once in a while, to check up on oneself, to see if careless habits of thinking, as well as doing, aren't at fault for what we've blamed on everything else.—From an editorial in the Rotarian Magazine.

Sometimes we hear of persons who don't want the Herald 'till some dire calamity happens to them—sometimes we hear of persons who borrow the Herald from a neighbor, both are making a mistake. The Herald costs but a little less than 2c per week and we leave it to any reader living in or near Hamlin to say: "sometimes one paper is worth \$5.00." Yep, there may come a time when you (who do not take your home paper) would give \$10 for one issue just to keep.

**"BOYS, Look Out,**  
the girls are on your trail," so says a group of Hamlin girls—good looking girls, too! 1936 girls.

—IT PAYS TO ADVERTISE.

## GEN. MGR. CHEVROLET

SAYS 1936 TO BE GOOD

M. E. Coyle, President and General Manager of Chevrolet Motor Co. says:

"Indications point to a good business year in 1936. Two significant facts indicate how our company regards the near future. We spent \$25,000,000 in plant expansion during 1935. The public has accepted our new models with an unprecedented enthusiasm that shows no abatement.

"A manufacturing company does not expand its production capacities by one-fourth unless it feels confident about the future. The motoring public does not buy more than 180,000 Chevrolets in November and December unless there is need for new cars, buying capacity to purchase such quantities of large package merchandise and a confidence in continued economic improvement.

"Barring unpredictable accidents, the progress made in 1935 should continue in the automobile industry. That industry is so large that if its forward movement continues, the effect produced upon all industry will be beneficial.

"Chevrolet has, during the past three years, built 200,000 cars each year more than the preceding year. In 1935 it produced more than one million cars.

"The most conclusive proof of what we think of 1936 can be deduced from our actions during the last few months. Business generally shows that it again feels free to display its former enterprising spirit and this is a real basis for optimism."

Mr. and Mrs. Barrow and daughters, Misses Willie Lou and Evelyn, were guests Thursday of their daughter, Mrs. J. M. Lane and Mr. Lane. Mrs. Lane accompanied them home for a few days visit at their ranch northeast of Post, returning home Sunday with Mr. Lane.

Richard Lehman left this Friday morning for an extensive trip to the cities of Cleveland, New York, Chicago, St. Louis, and no telling where else, to combine a visit with his brothers and a marketing task, all in one—he promised to keep his eyes open and tell all he sees.

Miss Leone Meadors, of Wichita Falls, sister of Mrs. P. A. Fowler, and Mrs. Joe Walser, of Oklahoma City, Okla., were week-end guests in the home of Dr. and Mrs. P. A. Fowler.

A. D. ENSEY—WELDON CARLTON

## M. E. HERRING

Last week the Herald gave a short notice about the death of M. E. Herring, who was buried Friday afternoon, Dec. 27.

Mr. Herring's death came as a shock to many people, who did not know that he had been suffering from conditions of health that pointed to a climax for some time. The end came after a very short illness, starting on Wednesday before death came at 6:00 P. M. Thursday, December 26.

The deceased till recently lived in the Hitson community, having a few years ago purchased the Robinson lands just east of the Hitson School building. This land has become a part of the production area of the Hitson oil fields, and Mr. Herring's lands at this time has four good wells.

The family has lived in Hamlin just a short while, having purchased one of the Johnson residences on Union Avenue.

M. E. Herring was reared at Olney, Texas, and in 1910, was married to Miss Effie Graham, who survives, along with five sons and three daughters. The boys are Harold, Charles, Lawrence, Kermit and Merrill. The daughters are Miss Dorothy Herring, Mrs. Tom Carter and Mrs. Pete Moore. Mr. Herring's mother, Mrs. Linda A. Herring, also survives.

Other relatives of the deceased, other than the above, were two sisters, Mrs. W. R. Creighton, of Big Spring, who came for the funeral and Mrs. Gus Watkins, of Hollywood, Calif. Others for the funeral were Mrs. Wash Herring of Tulsa; and Mrs. Lilly Herring, Sam, Homer and Will Graham and Mrs. Ella Vaughn of Olney, and G. W. Parchman of Lorenzo.

Funeral services were held at the Hamlin Baptist Church Friday, December 27, at 3:00 P. M., conducted by the Rev. D. G. Reid of Roby. The body was in charge of the Maples Funeral Home and interment was in East Cemetery, Hamlin.

One of the 1936 changes in a business way is that John Hopper, who has been in the Otis Hopper Palace Barber Shop, has gone into the Pontiac Auto Parts and Service Station with his brother, Lee Hopper in South Hamlin.

## CUT YOUR FIRE BILL

It's thrilling to watch the fire engines flash by, with their crimson bodies gleaming and their sirens shattering the air. It's also thrilling to watch the firemen at work on a blaze, with their magnificent modern equipment, their amazing efficiency of movement, and their knowledge of just what to do and when to do it.

Both of these "pleasures," however, become less pleasurable if you reflect that good hard-earned dollars must come out of your pocket to pay the bill.

It should be everlastingly emphasized that we all pay for fire—whether fire hits our property or not. All of us help to pay the upkeep of fire departments, alarm systems and water facilities. All of us who carry insurance policies must help to pay the bill for those who sustain fires—over a period of time, any town's insurance rate is determined by the volume of its fire loss.

All of us must chip in, through higher taxes, to make up taxes lost when a home or an industry is destroyed by fire.

So it goes—we pay our share of the nation's fire bill in a half-dozen different ways. Authorities estimate that bill could be cut at least 80 per cent by the exercise of a little caution, a little forethought, a little preparedness. Most fire hazards can be easily and cheaply eliminated—and those which are easiest and cheapest to do away with are often productive of the worst fires.

Do your part to prevent fire—in the interest of your home, your business, the lives of your loved ones, and your bank account.

—IT PAYS TO ADVERTISE.

## FORTY-ONE NATIONS UNITED TO FIGHT TUBERCULOSIS

"Forty-one nations affiliated with the International Union Against Tuberculosis are co-operating as a unit, under the banner of the double-barred cross, to sell Christmas Seals," Dr. Z. T. Scott, managing director of the Texas Tuberculosis Association said today, speaking of the annual sale of Christmas Seals which started Thanksgiving Day.

"In the fight against tuberculosis the whole world is united. Even though economic and disarmament conferences may fail, many nations are fighting tuberculosis under the common banner of the Christmas Seal.

"At this moment, Christmas Seals are being sold, not only in the United States but in forty other countries of the civilized world. From Occident to Orient these stamps bearing the double-barred cross raise funds with which to fight this greatest scourge of mankind."

Dr. Scott continued: "Too often are we aware of only the local aspect of the fight against tuberculosis. Not only are our states united in the National Tuberculosis Association but the associations of nearly all the countries of the world are joined in the International Union Against Tuberculosis. World conferences are held; world policies are decided upon; aid in the form of knowledge of methods of control is passed from one nation to another. International goodwill is strengthened while international control is gained. We are not isolated with regard to disease; our boundaries do not form barriers to a germ. Only through international co-operation and co-ordination of effort can we hope to win this battle and remove tuberculosis from the earth."

## HORSE ROYALTY FOR TEXAS CENNIAL EXPOSITION

One of the wonders of the horse world, the internationally famous \$100,000 collection of Clydesdale draft horses owned by Wilson & Co., meat packers, will be exhibited at the Texas Centennial Exposition during the 1936 World's Fair, it was announced today by Thomas E. Wilson, chairman of the company's board.

Eight of the famous Clydesdales, including King—two times International Champion Gelding, will comprise the exhibit. Each horse is a champion in its own right. The giant animals weigh from 2,000 to 2,200 pounds apiece and are from

16 to 18 hands high.

Arrangements have been completed to show them as a part of the mammoth livestock exhibit planned to depict the livestock history of Texas during the Centennial Exposition.

For the past sixteen years, Wilson & Co.'s prize hores have been exhibited at all of the recognized expositions here and abroad. Mr. Thos. E. Wilson personally supervises the buying and training of the Clydesdales. Their home stables are literally papered with blue ribbons

won in competition with horses throughout the world.

From all outward appearances, the horses lead a pampered life. This is not true, however, for their strenuous training schedule requires much more than the labor of work horses. While each horse weigh more than a tone, none is overweight.

Mr. Frank Housely, well known horseman and driver, will be in charge of the exhibit at Dallas. He will give frequent demonstrations of six-hitch driving throughout the Exposition.

## McCAULEY NEWS

We sure hope everyone enjoyed Christmas, and as 1935 has slipped away and 1936 slipped in, let's look toward the great "Giver of Life and Love" and trust Him more, for it is from Him all blessings come, and it matters not what 1936 brings; remember God doth all things for the best.

Most of the following news should have been in last week's paper, but we were too busy visiting during Christmas.

Roland Stephenson, of Canyon, and Virgle Stephenson, of Stanto, Miss Ora Stephenson, of Port Arthur, Mr. and Mrs. W. A. Stephenson and daughter, of Abilene, were Christmas guests of their mother and also of their sister, Mrs. Virgle Steele.

Miss Jewell Davison was home from North Texas State Teachers College at Denton.

Miss Mary Ellen Jackson was home from Hardin-Simmons University, for Christmas.

Raymond Tanner and Norman Clarks from Draughtons Business College, at Abilene, were in town for Christmas.

Mr. and Mrs. W. W. Faulkenberry spent Christmas with their daughter and family, Mrs. Lester Harris at Stamford.

E. C. McCloud of Post, spent the Christmas holidays at McCauley.

Mr. and Mrs. Lee Lewis and family of Abilene, were guests of Mr. and Mrs. Noah Wishert, Christmas day.

Mr. and Mrs. Roy Hennington and son, of Dumont, were here for the holidays.

Mr. and Mrs. Howard Davison were in McCauley during the holidays.

Many others visited either out of the community or had visitors from elsewhere, but we failed to learn just who or where.

Sunday D. L. Smith attended the funeral service of his cousin, Ray Strickland, at Snyder, who was killed in an auto accident near Pecos early Saturday morning.

The wedding bells have been ringing again. On December 15, Rex Kemps of McCauley, and Mamie Fields, of Neinda, were married.

Miss O'bera Reynolds of McCauley, and Lloyd Hamlin, of Sylvester, were married, December 20. They are making their home in Sylvester.

Miss Irene Drennan, of McCauley, and a teacher in the Dowell school near Rotan, was married to Douglas Healms, Dec. 14, 1935.

Miss Frances Mills left New Year's day to visit her uncle at Whiteburgs, Texas.

Mrs. W. H. Stephenson has moved to Canyon, to make her home with her son, Roland. She will be greatly missed by all.

A revival will begin at the Baptist Church, Sunday, Jan. 5. Rev. J. D. Brannon, District Missionary for District Seventeen, will lead the meeting.

Mr. and Mrs. Harvey Barnes and daughter and Mr. and Mrs. Timothy Tanner, of Morton, were visiting relatives here during Christmas.

The Young People of the Methodist Church, entertained the Young people of this community with a watch party at the church. A fine program and also many games were enjoyed by all. Refreshments of coffee, sandwiches and doughnuts were served to around fifty that were present. As the old year passed out and the New Year came in, Bro. Bateman was sending a prayer up to God for the young people.

The Juniors of the High School

## Women Who Have Pains Try CARDUI Next Time!

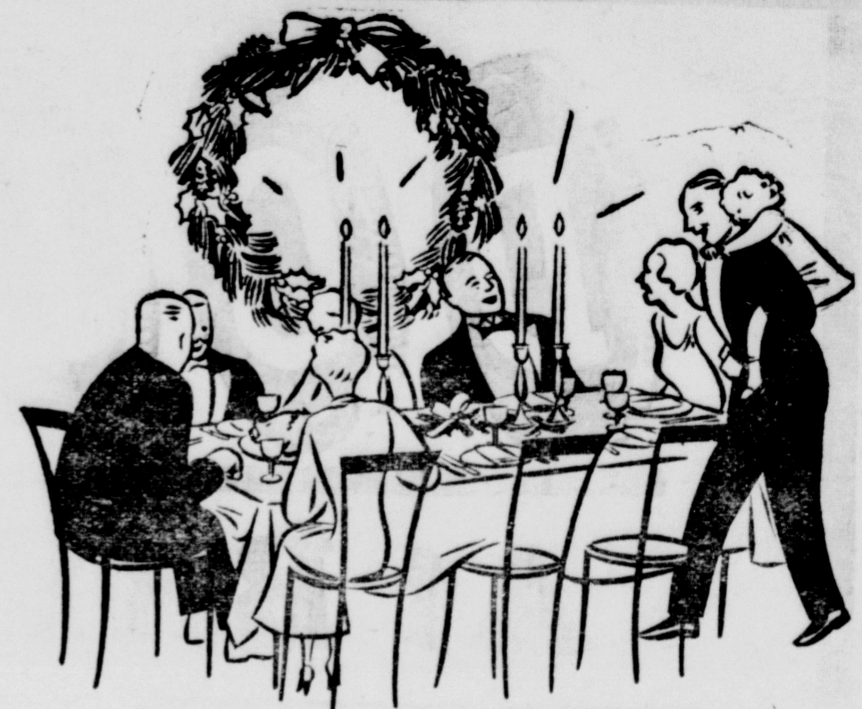

On account of poor nourishment, many women suffer functional pains at certain times, and it is for these that Cardui is offered on the record of the safe relief it has brought and the good it has done in helping to overcome the cause of womanly discomfort. Mrs. Cole Young, of Leesville, La., writes: "I was suffering with irregular... I had quite a lot a pain which made me nervous. I took Cardui and found it helped me in every way, making me regular and stopping the pain. This quieted my nerves, making my health much better."... If Cardui does not benefit YOU, consult a physician.

### WANT TO BUY

Most people peddle the thoughts of others.

## A Right Merrie Christmas Dinner

THE formula for a good Christmas dinner is somewhat a matter of geography. Although the spirit of Yuletide is the same the world over—customs and foods differ.

English dinners at Christmas time have always held a particular fascination, perhaps because of the colorful accounts of these meals in classic literature. Addison in "The Spectator" likes to see the whole village merry in his great hall. "I allow a double quantity of Malt to my small Beer, and set it a running for twelve Days to every one that calls for it. I have always a Piece of cold Beef and a Mince-Pye upon the table, and am wonderfully pleased to see my Tenants pass away a whole Evening in playing their innocent Tricks, and smutting one another."

### Cranberries—Cheeses—Coffee

Washington Irving in "The Sketch Book" says "A distinguished post was allotted to 'ancient sirloin,' as mine host termed it; being, as he added, 'the standard of old English hospitality, and a joint of goodly presence, and full of expectation.'"

So, whether you plan to have the roast beef of England, goose, roast stuffed sucking pig, or our own American turkey to grace your Christmas table, see that your menu is "right merrie" with the bright red of cranberries and perhaps tomatoes, plum pudding which is excellent in any language, and cheeses, nuts, raisins and black coffee to wax eloquent over. How does the following menu appeal to you for a merry Christmas dinner?

**Celery Assorted Stuffed Olives**  
**Shrimp Appetizer**  
**Roast Stuffed Suckling Pig**  
**Cranberry and Pineapple Ice**  
**Mashed Sweet Potatoes**  
**Scalloped Tomatoes**  
**Cucumber and Radish Salad**  
**Plum Pudding with Vanilla Ice Cream or with Rum Sauce**  
**Assorted Cheese**  
**Black Coffee**  
**Raisins**

**Shrimp Appetizer:** Combine three-fourths cup chili sauce, one teaspoon Worcestershire sauce, two tablespoons lemon juice, one-fourth teaspoon salt, one tablespoon grated horseradish and two drops tabasco sauce, and chill thoroughly. Remove the viscera from two small cans of shrimp, being careful not to break the shrimp. Chill well. Divide the cocktail sauce among eight small glasses and sprinkle with chopped green pepper. Set glasses in small bowls of crushed ice, if possible. If not, set on small paper doilies on glass plates. Then hook the shrimp over the rims of the glasses, using four to six shrimp to each glass.

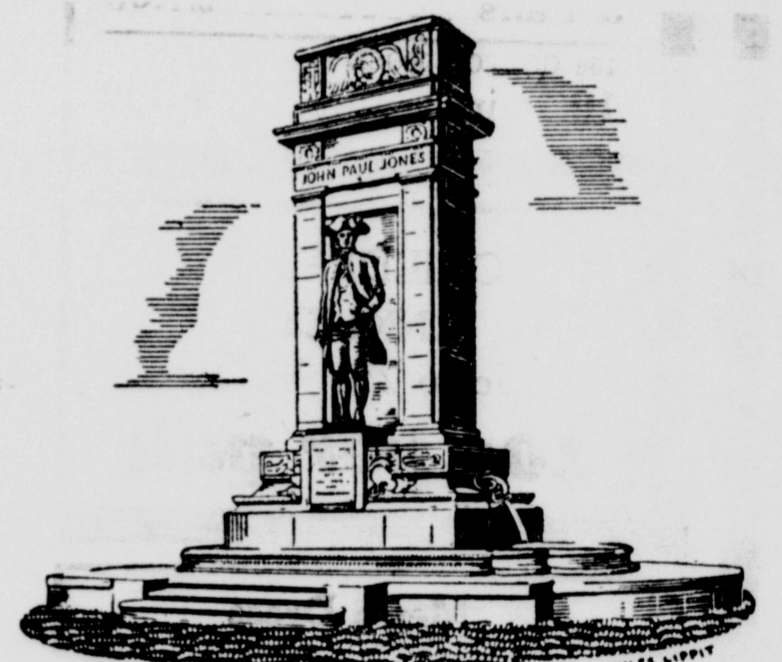

**Cranberry and Pineapple Ice:** Boil two-thirds cup sugar and one-half cup water for five minutes. Dissolve in it one and one-half teaspoons gelatin which has been softened in four tablespoons cold water. Cool. Add one and one-half cups canned pineapple juice, one and one-half cups bottled cranberry juice and two tablespoons lemon juice and freeze to a stiff mush. If frozen in refrigerator trays, stir often until mushy; then remove to a cold bowl and beat well. Return to trays and continue freezing. Serve with the meat course.\*

and their sponsors, enjoyed a theatre party at Hamlin and came back in time to ring the old year out and the new year in, with the bell at the school building.

Mr. and Mrs. Jack Holt were made happy for Christmas by the arrival

Returning good for evil leaves worry to the other fellow.

## Milestones of American Genius

Monument to the "father of the American Navy," at Washington.

### JOHN PAUL JONES

ALTHOUGH his exploits in the War of Independence were woven into the heroic legends of our country, the mortal remains of Admiral John Paul Jones, the "father of the American navy," rested for more than a century in an obscure graveyard in Paris.

Only in 1905, President Theodore Roosevelt sent a convoy of warships to bring the body to American soil for honorable interment at Annapolis. Congress at the same time ordered the erection of a suitable monument as a perpetual reminder of the gallant sea hero's contribution to American freedom. The monument, shown in the sketch above, stands in the nation's capital.

The admiral began his life as John Paul, adopting the name Jones after the death of an elder brother who had inherited it from a foster-father. He was born in Scotland on July 6, 1747, and began his sea-going life at the age of twelve, when he was apprenticed to a merchant trader.

When John was twenty-six,

his elder brother died and left him plantations in Virginia. He decided to make America his home. With the outbreak of the Revolutionary war, John Paul Jones, though still under thirty, offered his services in building up a Continental navy.

His naval achievements were many and varied, his youth merely adding glory to his deeds. The historic battle between his little Bon Homme Richard and the giant warship Serapis marked the climax of his victories for the American cause. Congress ordered a medal struck in his honor. France, allied with the colonists, showered him with marks of esteem, and Catherine the Great of Russia engaged his help in fighting the Turks.

Sick and heart-broken over court intrigues directed against him in St. Petersburg, he went to Paris, where he died on July 18, 1792, in the midst of the French Revolution. Into his forty-five years of life he had crowded achievements which are his name forever on the American roll of genius.

## ROOM AT TOP FOR AMBITIOUS YOUTH IS SMALLER SAYS PITKIN

There's still "room at the top" for ambitious youth—but, declares Walter B. Pitkin, famed author of "Life Begins at Forty," it is a smaller room than it used to be. And instead of being in a city skyscraper, it may be on main street of the old home town.

Able young men and women today, Dr. Pitkin notes in the current Rotarian Magazine, should take a realistic view of the change and recognize the fact that it may be necessary for them to work longer than did able youth of another generation at jobs requiring less than their full abilities. Progress up what he describes as "the battered old ladder of success," is apt to be slower than formerly, and the wise youth will cultivate local acquaintances and a knowledge of local affairs.

A 10-point list of qualifications necessary for high-grade young men and women who would reach the room-at-the-top is offered by Dr. Pitkin:

Health, high energy, persistence, thoroughness, high technical training, social sense—the ability to get along well with people, self-knowledge, and self-understanding, adaptability, willingness to work for a long time at jobs requiring less than one's best abilities, and a knowledge of local affairs and wide acquaintanceship with local people.

All of which, he adds, is based on the patent fact, "Today there is no room anywhere for millions who are able and willing to work. It's important, even though not pleasant, to know that, in terms of mere numbers alone, every young worker who has arrived at working age since 1920 would be superfluous in our existing economic system if everybody were to use the latest and best inventions and improvements.

"We have heard much of the youth problem—and it is a big problem, one that reaches around the world. Gratifying, however, is the intelligent interest business and professional men are taking not only in counseling youth but in actively helping them make adjustments.—From THE ROTARIAN Magazine.

### BETTER OFF DEAD

The nation is beginning to realize the horror of automobile deaths that reached a total of 35,000 last year. Not so well realized, but perhaps even more horrible, is the situation of those who were involved in automobile crashes, were not killed—but would be better off if they had

been.

Their ghastly plight has been described in a new booklet by J. C. Furnas, author of the famed "—And Sudden Death," entitled "Better Off Dead." Here is an excerpt: "They weren't doing more than 45 around a slight curve. But centrifugal pull had dragged them a couple of feet the wrong side of the white line... one of those semi-head-on, angling crashes... two passengers, bleeding, unconscious, were loaded into the ambulance. They were on the point of driving away when the policeman discovered the third."

"He was doubled up like a broken stick and thrust halfway through the narrow back window of the wreck, his head between his knees. They didn't dare try to unbend him till they reached the hospital. He was still alive and conscious. He had proved that by stealing the policeman's gun and trying to shoot himself."

"The spine was snapped clean, but at an acute angle, and the bare end protruded from a rent in the skin like the stump of a horrible, bony tail."

"Thanks to the doctors that man is still alive... he has been operated on 25 times. He is always in acute pain and paralyzed from the waist down."

Too horrible, too nauseating for print? Perhaps it is—but it's the truth. And it doesn't describe an isolated example. Thousands of people have emerged from automobile accidents to become helpless, pain-ridden cripples all their lives. They live on to remind us of the awful price we pay for speed, for recklessness, for incompetence at the wheel. Yet their agonies will not be entirely in vain if they teach the lessons that will save us from becoming members of that tragic legion who would be "Better Off Dead."

—Industrial News.

### LIGHT OIL IS BOON

#### TO WINTER MOTORIST

How the adoption of crankcase ventilators, originally intended solely to prevent thinning out of heavy crankcase oil, resulted in the discovery that thin oils are the best for engine lubrication, and how this discovery has reduced cold weather starting troubles, were related by James M. Crawford, chief engineer of Chevrolet Motor Co., to a recent gathering of the company's field service supervisors at Detroit.

The heavier grades formerly were used because it was mistakenly believed that extra viscosity was required to make oils "stand up," and also because crankcase oil usually became thin with use, through crankcase dilution. The adoption of

crankcase ventilators prevented the dilution of the oil, and then it was found that the popular heavy grades were not so effective as thinner oils. Research developed the new light W-grades, and tests proved their superiority for use in modern closely-fitted high-speed engines.

Every make of engine, Mr. Crawford pointed out, should be operated only with those oils recommended by the car manufacturer. During the winter, the driver's selection of the grade of oil should be based on the ease of starting; that is, he should select a grade that will permit easy starting at the lowest temperature expected during the period the oil is to be used.

The use of 20-W and 10-W oil in the winter has virtually ended hard starting in cold weather, because they remain free-flowing, and permit the starter to turn over the engine at good cranking speed. Having thus saved the motorist's temper, the light oil saves the motor bearings, for it begins to flow immediately. Winter damage, which would result if solidified oil let the pistons and bearings work without lubrication, is thus obviated.

All 1936 Chevrolet engines are designed to operate on the new grades. The company instructs purchasers to use only 10-W during the breaking-in period of new cars.

Miss Margaret Rowe, daughter of Mrs. V. V. Anderson of the Shell Pipe Line Station, was called Thursday morning to Duncan, Oklahoma by the serious illness of her grandmother.

Miss Effie Davison of Elsinore, California, is real sick from an operation, which she underwent on the 23rd of December.

Miss Vera Culbertson, who has been putting on "Tiny Tot Revues" during the fall, came home for a visit with her parents, Mr. and Mrs. J. C. Culbertson.

Judge Marvin Culbertson and wife of Vernon, came down Tuesday to visit their parents, Mr. and Mrs. J. C. Culbertson.

Miss Louise Parker and W. T. Ivy went to Abilene Wednesday to join a party of friends enroute to El Paso to attend the Sun Bowl football game.

Losing interest in the world does not qualify one for Heaven. A person's age does not always tell how old he is.

An unruly tongue always gets your foot into it.

—IT PAYS TO ADVERTISE.

### REV. LITTLETON DOES

#### SOME MARRYING TOO

Last week the Herald carried a few marriages done by Rev. Hugh A. Longino, and never said a word about the "luck" of the Baptist pastor.

This week, "slow, poky—easy?" Baptist pastor ups and says, "I did a marriage or two also, Mr. Editor." And says we, "Poke 'em out" and let's tell about them." Now he only got to marry ONE couple Christmas and here it is down in January (1) to tell about that happy event. You see times change—in olden days the news man was asked to witness marriages, and then an elaborate write-up could be had and was expected. Times change. Now it's a hard matter to learn of a wedding, even in your own block. But things will out, when one preacher gets to reporting more business than another. Anyway, there could and may have been more weddings this Christmas than the Herald has gotten hints of.

There WERE.

### MISS DEBORAH MONEY MARRIED SWENSON MAN

Rev. Henry Littleton spoke the words that made Miss Deborah Money and Mr. Spurgeon Harrell man and wife, on Christmas eve. This took place at the home of the pastor.

The bride is the daughter of Mr. and Mrs. N. E. Money, who live on Jackson Avenue. The fortunate man is a farmer and the couple will make their home near Swenson.

### MR. LAFOY PATTERSON MARRIED TO ROTAN GIRL

Mr. Lafoy Patterson started the

New Year off right and happy by being married to Miss Lois Irene Cleveland of Rotan, Wednesday afternoon, at the home of Rev. and Mrs. Henry Littleton.

The Herald failed to learn the parents of the bride, but the groom is one of Hamlin's fine young men. He is a son of A. P. Patterson, of this community, has proven himself a steady young business man. He has worked for the bank and is now book-keeping at the Farmers Gin. Of course, we presume this couple will make Hamlin their home.

All right, our preacher friends, tell us some more.

#### CARD OF THANKS

We wish to express our sincere appreciation to those who showed so much kindness at the death of our husband, father and son, M. E. Herring. We want to thank those who brought or sent flowers, especially do we thank the ladies who came in and prepared and served such a nice lunch.

May God bless each and every one is our prayer.

Signed—Mrs. M. E. Herring and children. Mrs. Linda Herring,

**MAN WANTED** for Rawleigh Route of 800 families. Good profits for hustler. We train and help you. Write today. Rawleigh Co., Dept. TXA-333-SA2, Memphis, Tenn. (Jan. 3-10-17-31) p

**666 COLDs** and **FEVER** first day **HEADACHES** Liquid - Tablets **Salve - Nose Drops** in 30 minutes

### ORA FAY MEEKS MARRIED

#### TO O'DONNELL MAN

Sunday afternoon Miss Ora Fay Meeks, daughter of G. A. Meeks, who lives in the Abbie community, was married to Mr. Claude Parnes, of O'Donnel, Texas.

The ceremony was said by Rev. Doyle, pastor of the Anson Baptist Church.

They will make their home at O'Donnel.

### For Bad Feeling Due to Constipation

Get rid of constipation by taking Black-Draught as soon as you notice that bowel activity has slowed up or you begin to feel sluggish. Thousands prefer Black-Draught for the refreshing relief it has brought them. Mrs. Ray Mullins, of Lefe, Ark., writes: "My husband and I both take Theodor's Black-Draught and find it splendid for constipation, biliousness, and the disagreeable, aching, tired feeling that comes from this condition." With reference to Syrup of Black-Draught, which this mother gives her children, she says: "They like the taste and it gave such good results."

### FARM FOR SALE

Owner, P. O. Box 665, HAMLIN, TEXAS. (p)

### SORE THROAT — TONSILLITIS.

Nothing equals a good mop and instant relief is afforded by Anesthesia-Mop, the wonderful new sore throat remedy. Positive relief guaranteed or purchase price refunded at

REYNOLDS PHARMACY. (52-15p)

Mr. and Mrs. J. A. Wilhite of Harlingen, returned Monday after spending Christmas with their parents, Dr. and Mrs. L. S. Magee.

Leeman Proffitt, of Fort Sam Houston, spent his Christmas holidays with his parents, other relatives and friends.

### My Favorite Recipes

Frances Lee Barton says: THE surest way of putting the Evil Eye on a dish, so far as my youngsters are concerned, is to mention that it is good for them. So I would never in this world breathe that this custard is a perfect sweet for children. It's so light and nourishing, it couldn't possibly upset them. It's good served either hot or cold.

**Chocolate Caramel Custard**  
1/2 cup sugar; 1/3 cup water.  
1 square unsweetened chocolate; 2 cups milk; 2 eggs, slightly beaten; 1/4 cup sugar; 1/4 teaspoon salt; 1/4 teaspoon vanilla.  
Melt sugar in a small, heavy skillet over moderate heat, and continue heating until a smooth, light brown syrup is formed, stirring constantly. Remove from fire and add water; then cook until caramel is entirely dissolved. Place 1 1/2 tablespoons of caramel syrup in each custard cup.  
Add chocolate to milk and heat in double boiler. When chocolate is melted, beat with rotary egg beater until blended. Combine eggs, sugar, and salt; add chocolate mixture gradually, stirring until sugar is dissolved. Add vanilla and pour into prepared custard cups. Place in pan of hot water and bake in slow oven (325° F.) 60 minutes, or until knife inserted comes out clean. (Water in pan should not reach boiling temperature.) Unmold and serve warm or chilled. Serves 6.

### NOTICE FARMERS

We are now running our AIR BLAST Cotton Seed Grader and will be in your community before planting time. Wait for us and have it done by the Home Boys.

THE BAIZE BROS.

Tuxedo Farmers. (10-4p)

Mr. and Mrs. Clinton Ferrell and little daughters returned Tuesday from a Christmas visit with relatives in Humble and Longview, Texas.

## Beware The Cough From a common cold That Hangs On

No matter how many medicines you have tried for your cough, chest cold or bronchial irritation, you can get relief now with Creomulsion. Creomulsion not only contains the soothing elements common to many remedies; such as, Syrup of White Pine Compound with Tar, fluid extract of Licorice Root, fluid extract of Ipecac for its powerful phlegm loosening effect, fluid extract of Cascara for its mild laxative effect and, most important of all, Beechwood Creosote is perfectly blended with all of these to reach the source of the trouble from the inside. Creomulsion can be taken frequently and continuously by adults and children with remarkable results. Thousands of doctors use Creomulsion in their own families as well as in their practice knowing how Creomulsion aids nature to soothe the inflamed membranes and heal the irritated tissues as the germ-laden phlegm is loosened and expelled. Druggists also know the effectiveness of Beechwood Creosote and they rank Creomulsion top for coughs because you get a real dose of Creosote in Creomulsion, emulsified so that it is palatable, digestible and potent for going to the very seat of the trouble. Creomulsion is guaranteed satisfactory in the treatment of coughs, chest colds and bronchial irritations and especially those stubborn ones that start with a common cold and hang on for dreadful days and nights thereafter. Even if other remedies have failed, your druggist is authorized to guarantee Creomulsion and to refund every cent of your money if you are not satisfied with results from the very first bottle. Don't worry through another sleepless night—phone or go get a bottle of Creomulsion right now. (Adv.)

### PLASTERCO BREEZES

Mr. and Mrs. Jim Peel of Rotan, spent Christmas with Mr. and Mrs. W. R. Adams.

Master Guestin Glenn Criswell, celebrated his 7th birthday, December 7th, with his little friends and playmates: Betty Jean Jones, Corrine Wilcox, Betty Jean Hines, Louise Riddle, Doris Ewing, John Carr, Reuban Essary, Horace Jo Evans, Dean and Iris Ann Criswell.

Mr. and Mrs. T. B. Bevans spent several days visiting their son and daughter at Hermleigh, Texas, returning home Tuesday.

Mr. and Mrs. Woods Cowan spent the Christmas holidays in Vernon and Anson and returned home Sunday.

Mrs. T. F. Campbell, Miss Minnie Campbell, George Campbell and Mr. and Mrs. Bond, motored to Sweetwater Monday, spending part of the day with Mr. and Mrs. Gene Bond and other relatives and friends.

### MISS MADGE HOWINGTON MARRIED STAMFORD MAN

On Saturday evening, December 14, Miss Madge Howington and Mr. J. L. Woodson were united in marriage at the home of Mr. and Mrs. Stone in Walters, Oklahoma, the minister of the Church of Christ in that city officiating.

Mrs. Woodson is the daughter of Mr. and Mrs. G. B. Howington of Hamlin. She is a graduate of the Hamlin High School and also a graduate of the Stamford School of Nursing, recently receiving her R. N. degree.

Mr. Woodson is the son of Mr. and Mrs. Louis Woodson of Stamford and he is a very popular young man of that city. Mr. and Mrs. Woodson will make their home in Stamford after January 1st.

### THIS WEEK IN TEXAS

(Jan. 1-Jan. 8)

1823—The first Mexican colonization law, offering liberal inducements to American colonists, was passed.

1827—Stephen F. Austin issued a call for volunteers to resist the Fredonian Rebellion at Nacogdoches.

1833—The State Legislature reaffirmed its recognition of Pedraza as President of the Republic of Texas.

1835—Santa Anna's congress passed the Amnesty Law by virtue of which Stephen F. Austin was eventually released from prison in Mexico.

1858—Anson Jones died Jan. 7 in old Capitol Hotel at Houston, where he was inaugurated Governor 20 years earlier.

1928—For the first time in history, Texas gave her 20 votes in Electoral College to the Republicans in the election of Hoover.

### NOTHING TO IT

Patient (nervous) — I suppose the operation will be dangerous, doctor?

Doctor — Nonsense. You could not buy a dangerous operation for \$40.00.

Mrs. J. C. Williams of Elmer, Oklahoma, spent Christmas with her parents, Mr. and Mrs. V. L. Profit, of this city.
